

In the most strong terms available, I urge the FCC to ensure that television continues to serve the American community by disallowing Sinclair Broadcast Group from showing "Stolen Honor". "Stolen Honor" is a bald-faced, blatantly one-sided smear film against John Kerry. If Sinclair insists on showing this film, Sinclair should be required to show a pro-Kerry film such as "Going Upriver". That is a fair and balanced approach, and nothing less will suffice.

Thank you.
